Low tonight and high Thursday 58 and 65. High and low Tuesday 64 and 85.

BENNETT SAYS

Big Staff Handles Bonds

VICTORIA (CP) — Premier Bennett said in an interview Tuesday his finance department has had to employ extra staff to handle a flood of parity bond conversion applications from B.C. investors.

Last month a \$35,000,000 Pacific Great Eastern Railway 5 1/2 per cent parity bond issue was oversubscribed. The issue was to refund a previous PGE bond issue that expires Sept. 15.

Holders of the old bonds were offered the opportunity to convert them to the new ones.

Last week the government said those who had not turned in their old bonds before the new ones were taken off the market Aug. 29, could, if they wished, exchange them for parities of other government agencies.

Parity bonds can be cashed in at par at any time. The bonds offered were those bought back by the government.

Correspondent Being Held In Cuba

HAVANA (Reuters) — The Cuban foreign ministry has confirmed that John Bland, Reuters news agency correspondent in Havana, is being held by security authorities. It was authoritatively learned here Tuesday night.

Bland and two Cuban companions disappeared last Sunday morning after leaving Havana for a drive toward the south coast.

John Blavack, NBC correspondent in Havana, told his New York headquarters two days ago that Bland, Raoul Casana, another correspondent, and Sarita Valdes, Casana's wife, were missing after going on a drive out of Havana Sunday.

John Barnes of Newsweek, said in reports reaching New York to have left Havana to visit Camaguey, central Cuba, late last week, also was reported to be missing.

United Church Group To Investigate Divorce

LONDON, Ont. (CP) — The men and women who legislate for the United Church of Canada are today to tackle a 700-page program of proposals ranging from election of a leader to a study of divorce.

The 20th general council of the church gathers 390 commissioners—half clergy, half lay members—from the 11 regional conferences across Canada and in Bermuda as well as from missions in Angola, Northern Rhodesia, India, Hong Kong, Korea, Japan and Trinidad.

Theme messages, guest speakers and many of the reports and resolutions will stress the keynote of the conference—"renewal of the church."

The idea of rejuvenation in Canada's largest Protestant church—3,640,000 adherents at the 1961 Dominion census—threads through a heavy schedule of reports to be presented during the 10-day assembly. The reports amount to a re-examination of the church's mission.

Special commissions will offer the results of research into disruptive trends in present society, including a 60,000-word report on marriage and divorce and a study of problems created when married women go out to work. Basic doctrine has been reviewed by another committee.

Reorganization proposals include an idea to tighten control of fund-raising campaigns to spare the church member from a profusion of appeals by different church organizations.

Other recommendations call for co-ordination of work by laymen—a step already taken in Canada's largest Protestant church—3,640,000 adherents at the 1961 Dominion census—threads through a heavy schedule of reports to be presented during the 10-day assembly.

DANGEROUS PASS FOR CANADIAN BULLFIGHTER

Carolyn Hayward, 19, from St. John's Newfoundland, executed a dangerous pass that put her back to the bull Sunday in a bull ring in Nuevo Laredo. The Canadian girl has had more than 100 bull fights, but this was her Mexican debut.

Humphrey Asks Pressure To Halt Cuba Shipments

WASHINGTON (AP) — An administration Senate leader has urged stronger pressure on U.S. allies to halt military and strategic shipments to Cuba.

Some allies have been "putting profit before the larger interests of the free world," charged Senator Hubert H. Humphrey, Assistant Democratic leader.

However, the Minnesota senator scoffed at the contention of some Republicans that the buildup in Cuba is a threat to the United States. But, he said

it did threaten other Latin American nations and that the United States should not "sit idly by and watch the traffic in chains for Cuba."

Humphrey was joined by Senator Kenneth B. Keating (Rep., N.Y.) in urging some "plain talking" with U.S. allies. Keating said he had been urging such a course for some time.

In a Senate speech, Humphrey said "Castro should know that he will discourage by all diplomatic means the shipment of military and strategic supplies to Cuba via free world transport."

He criticized "Republican jingoists" who he said "have been shouting for an invasion of Cuba."

They know that there is "enough American firepower afloat off Cuba at any one moment to destroy every major Communist installation in Cuba in a few hours."

"We know exactly where these installations are, and Castro is well aware of what we know," Humphrey proposed a declaration that any Cuban aggression against U.S. ships or installations, or against neighboring nations will be met by force, with or without the support of the Organization of American States.

The Soviet warning Tuesday that an attack on Cuba would be the beginning of a war that might turn into a world nuclear war generally outraged Congress members.

Meanwhile, State Secretary Rusk said the United States will not be intimidated by a threat of nuclear war over Cuba.

Canada Jobless Down From 1961

LABOR CONGRESS HEAD QUILTS NATIONAL PRODUCTIVITY BODY

OTTAWA (CP) — President Claude Jodoin of the Canadian Labor Congress announced today his resignation from the National Productivity Council on grounds the government has declined to form an advisory economic council.

Mr. Jodoin said in a letter sent to Prime Minister Diefenbaker Tuesday that the productivity council's emphasis on productivity alone—without a broader study—is a barrier to co-operation between labor and management.

He recalled that the CLC on formation of the 25-member productivity council in 1960 had recommended an economic council to grapple with broader economic problems facing Canadian working men.

Republicans Want Action On Cuba Military Buildup

WASHINGTON (AP) — Two Republicans asked the Senate today to take pledges for action against the Communist military buildup in Cuba onto President Kennedy's request for standby authority to call up 150,000 military reservists.

Senator Jack Miller of Iowa first offered an amendment which would direct the president to enforce the Monroe Doctrine against the regime of Fidel Castro.

Senator Prescott Bush of Connecticut offered an alternate amendment which would express the feeling of Congress that the United States "has the right and obligation" to end Communist domination of Cuba, either with co-operation of other western hemisphere nations, or alone.

The amendments appeared likely to stir up sharp Senate debate and opposition of administration leaders who have stated the reservist bill for debate and passage Thursday.

For nearly 150 years the Monroe Doctrine has pledged the U.S. to oppose unilateral efforts by any foreign power to interfere in the western hemisphere.

Total 43,000 Decrease—Contrast To Usual Rise

OTTAWA (CP) — A considerable drop in unemployment during August was reported today by the Dominion Bureau of Statistics and the federal labor department.

The unemployed total at mid-August was 280,000 down by 23,000 from mid-July and 43,000 below the figure for August, 1961.

It was "in contrast to the rise that usually occurs at this time," the joint report said.

Almost all of the decline, however, was in the 14-19 group—the flock of teen-agers who traditionally enter the labor market in June and July. Other age groups showed little change.

The unemployed in August represented 4.1 per cent of the labor force, lowest in more than two years. It was 4.5 per cent in July and 4.8 per cent in August, 1961.

Employment rose by 13,000 to 6,582,000 during the month with jobs in agriculture gaining "substantially" after July's smaller-than-seasonal jump. A significant part of the increase was among young people who took jobs on family farms during school vacations.

The picture in brief, with estimates in thousands:

Aug. 7, 1961
Labor force 6,582,000
Employed 6,582,000
Unemployed 280,000

The report is based on a survey of 35,000 households across Canada during the week ended Aug. 18. Today's release did not include the bureau's industry-by-industry details for regions, which now comes out a few days later.

Of the total unemployed, 191,000 had been looking for work for three months or less. An estimated 31,000 had been job-hunting for between four and six months and 58,000 had been in jobless ranks for upwards of six months.

NEWCOMERS INCREASE
Large proportionate increase in the year-to-year comparison was among those who

Two-Year-Old Bitten By Black Spider

VICTORIA (CP) — A second case of what is believed to be the bite of a black widow spider has been reported in the Greater Victoria area.

A two-year-old baby, Dwayne Van Duzee of Victoria, was taken to hospital Monday after his mother found his leg was swollen.

A doctor said it appeared the child had been bitten by a black widow spider.

The other case was reported by an Ecuadorian man whose arm swelled up. Stan Bell, 24, said he suspects the bite was that of a black widow.

He caught the spider that bit him and took it to the agricultural department, which is now awaiting an entomology report from its Saanichton laboratory.

Black widow spiders carry a type of poison which affects the nervous system. Their sting can be fatal, depending upon the quantity of poison injected.

First Support Received By Macmillan On ECM

LONDON (CP) — Prime Minister Macmillan, harassed by Commonwealth critics of his European Community Market plans, today received his first support—from Sir Roy Welensky, prime minister of the Rhodesia-Nyasaland federation.

Welensky backed Britain's entry into the Common Market on both political and economic grounds at the third day of the Commonwealth prime ministers' saying economic strength was the greatest enemy of communism.

He argued that a Britain stronger through market membership would be of even greater help to the Commonwealth—particularly the undeveloped areas.

But Jamaica's Prime Minister Sir Alexander Bustamante described the Rome Treaty which founded the Common Market as a knife separating and cutting Commonwealth members and said the terms so far negotiated by Britain were inconclusive and vague.

Two other speakers at the

brief, 90-minute, morning session took a non-committal attitude on the terms.

WOULD AFFECT ECONOMY
Nigerian Prime Minister Sir Abubakar Tafawa Balewa, said his country could not take objection to Britain entering the market since Britain was a leading type of power which affects the economy and alter her pattern of trade.

Cyprus President Archbishop Makarios said if Britain entered Europe it might mean a weakening of the Commonwealth as it now is. The Commonwealth, he said, should be preserved for historic reasons and for the part it plays in bringing better understanding in the world.

Meanwhile, Macmillan was reported to be contemplating calling an urgent meeting of his cabinet—or of key ministers concerned with the Brussels negotiations—to take stock of the Commonwealth conference at this crucial stage.

LATE FLASHES

Powerful Military Rocket Succeeds

CAPE CANAVERAL, Fla. (AP) — Titan II the United States' most powerful military rocket, streaked 5,000 miles today to register its third success in five test launchings. The air force reported all test objectives were met on the 30-minute flight.

Indonesian Fighter Put To Death

TOKYO (AP) — S. M. Karosuwirjo, fighter for Indonesian independence who later broke with President Sukarno and led the fanatical Darul Islam sect, has been executed, Antara news agency said today. The Indonesian agency said the 61-year-old rebel and five of his followers were put to death.

UN Troops Accused Of Killing Gendarmes

ELISABETHVILLE (AP) — Katangan President Moise Tshombe today accused United Nations troops of killing two gendarmes in a clash near Elisabethville Airport. He said the shooting occurred at an airport roadblock.

Syrian, Israeli Forces Exchange Fire

TEL AVIV (Reuters) — Syrian and Israeli forces exchanged fire twice within a few hours today across the border southeast of the Sea of Galilee.

KENNEDY DEMANDS

US Must Lead in Space

HOUSTON, Tex. (AP) — President Kennedy said today the United States conscience requires it to lead the world's drive into space. He said peace and security hang in the balance.

Kennedy demanded a "bold and daring and unflinching" effort to land a man on the moon during his time in office because "a goal he has set for this decade."

"We cannot shrink from it, to the people of the world, now," the president said in a speech prepared for delivery at

the Rice University Stadium. Starting the homeward leg of his two-day survey of space facilities, Kennedy said his administration commands bipartisan support in seeking world leadership.

Forty of the 45 satellites which have circled the globe during his time in office have been made in the U.S. and they "supplied far more knowledge to the people of the world than those of the Soviet Union," he said.

Although behind Russia in manned flight, Kennedy asserted "we do not intend to stay behind." He added: "In short, our leadership in science and industry, our hopes for peace and security, our obligations as a first-class country, all require us to make this effort, to solve these mysteries, to solve them for the good of all men, and to become the world's leading space-faring nation."

Scotland Yard Probes Death Of Dr. Soblen

LONDON (Reuters) — Scotland Yard's murder squad today pressed their investigation into the mysterious circumstances surrounding the death of Soviet spy Dr. Robert Soblen.

The 61-year-old psychiatrist died in London's Hillingdon Hospital Tuesday, after suffering a coma for five days as a result of an overdose of barbiturates he took last Thursday in his desperate fight to avoid deportation to the United States.

A post-mortem was performed on Soblen's body Tuesday night and the official medical evidence on his death was expected to be made public at an inquest Thursday.

The big question for which detectives were seeking the answer was how Soblen got the drugs.

The press and politicians called for a more thoroughgoing inquiry including a full debate in Parliament.

Here, the main issue was the wider implications of the legal questions raised in Soblen's 10-week battle to remain out of American custody and a life-term in prison for espionage.

No Decrease In Defence Says Harkness

CALGARY (CP) — Defence Minister Harkness said Tuesday Canada does not plan to reduce her NATO defence commitments.

In an interview here on his way to the Seattle World's Fair Mr. Harkness dismissed as "newspaper speculation" reports from London that Prime Minister Diefenbaker had offered a "veiled suggestion" that the commitments might be reduced if Britain joined the European Economic Community.

He said there is a possibility of changes being made in Canada's NATO participation in the future but he made it clear there are no immediate plans for any changes.

"No one can tell what the future will bring," he said.

Mr. Harkness said the federal government's austerity program, which has already resulted in the abandonment of some military reserve establishments, would not affect Canada's contribution to NATO.

Funeral Thurs. For Actor

MONTREAL (CP) — Funeral service will be held Thursday for John Reidy, 68, well-known former silent-movie actor.

Reidy left Montreal at 15 to try to break into movies in Hollywood when the film industry was just beginning.

He played leading roles opposite such stars as Jackie Coogan, Pola Negri, Rudolf Valentino, William S. Hart, Tom Mix and Charlie Chaplin.

Three years ago the Canadian Motion Picture Pioneers presented him with a plaque commemorating his 50th year in the theatre business.

After he gave up acting, Mr. Reidy went into film distribution and was manager of the Loew's theatre here for many years.

TODAY'S STOCK QUOTATIONS

| | | |
|--|----------|--------|
| TORONTO (CP) — Speculators again attracted most attention on the stock market today, as the low-priced mining issues continued their recent spirited trading pace. | | |
| Parameque Mines jumped to the lead of the pack, climbing 10 cents to 35 cents, a turnover of more than 250,000 shares. P. & S. Explorations showed the top volume—almost 500,000 shares—as it rose to a 1962 high of 18 cents, ahead five cents. | | |
| Meanwhile industrials slipped slightly. Losses of 3/4 cent went to Abitibi, Algoma Steel, EA Oil, Toronto-Dominion Bank and Imperial Oil. | | |
| Bell Telephone, Consolidated Paper, Royal Bank and Moore Corporation all declined in a 1/2 to 3/4 range. | | |
| Gainers included Canadian Oil, Walker-Gooderham, Bank of Montreal and Alberta Gas, all ahead 1/4. | | |
| On the exchange index, industrials declined 44 to 546.31, golds 50 to 93.31 and Western oils 13 to 106.02. Base metals rose 35 to 183.25. The 11 a.m. volume was 2,118,000 shares compared with 1,877,000 at the same time yesterday. | | |

AID FOR THEIR PLATOON LEADER

Vietnamese infantrymen carry their badly wounded platoon leader in a poncho during battling with Communist Viet Cong troops near the Cambodian border last week. A soldier kneels at right on lookout for snipers. The platoon leader was wounded when he stepped on a mine as the Vietnamese soldiers retreated from the Communist-held mountain after failing to take Viet Cong positions.

This Youngster Not Scared Of High Places

WESTCLIFF, England (AP) — "Excuse me," said the man at Wilfred Horton's front door, "but there's a baby on your roof."

"What?" gasped grandfather Horton, thinking of his grandson Andrew Rowbottom, whom he believed to be asleep upstairs in his bed.

"On the roof with yellow pajamas," said the man at the door. "I was passing in my car and he showed up in my headlights."

Horton called to his wife and their daughter, Mrs. Phyllis Rowbottom, who were watching television.

Mrs. Rowbottom dashed upstairs.

Andrew's bed was empty. The latch on a screen beside the bed was open.

There on the roof's edge—30 feet above the ground—sat two-year-old Andrew, smiling and dangling his bare feet.

Horton telephoned the fire department. Mrs. Rowbottom and her mother whipped a blanket off a bed and hurried outside, holding it beneath Andrew.

A hook and ladder company arrived. A fireman brought him down safely.

"CHEQUE KITING" US Govt. Charges Three

NASHVILLE, Tenn. (AP) — \$5,500,000 "cheque kiting" conspiracy. The United States government has charged two Nashville bank officials, a Tennessee couple and three other persons with a U.S. Attorney Kenneth Harwell said it was one of the biggest such operations ever uncovered by the FBI. He said FBI agents spent months checking hundreds of bank records and cheques.

"cheque kiting" was described as creating deceptively large bank accounts by depositing worthless cheques drawn on a number of different banks, then drawing on the inflated accounts.

The seven were charged in a 37-count indictment returned Tuesday by a federal grand jury. They are:

Herman A. Vantrease, vice-president and trust officer of the Broadway National Bank, Nashville; Harold Lee Pruitt, II, the bank's cashier; Helm Truner Stiff, 28, a horse dealer and operator of a Nashville insurance firm, and his wife, Geraldine; W. J. Bullock, Algood, Tenn.; Mr. and Mrs. Ernest Hammrich, Ipswich, South Dakota.

CAMPAIGN OPENS OCT. 1

Kelowna Community Chest Seeking \$32,000 in 1962

The Daily Courier CITY PAGE

Wed., Sept. 12, 1962 The Daily Courier Page 3

New Fund For Emergencies; Public Asked For Support

The Kelowna Community Chest 1962 objective was set last night at \$32,000. Drive for this year's objective will officially commence on Oct. 1.

The new goal, set at the budget meeting of the chest executive body in city hall chambers, is \$1,650 over the 1961 objective of \$30,350.

Last night's meeting was chaired by H. G. Buchanan, executive head of the chest, with campaign manager Len Leathley co-chairing much of the discussion.

Also present were Norman Mullins, Frank Williams, Roger Cottle, Bert Johnson, Capt. B. Dumerton of the Salvation Army, Mrs. D. Stewart, Mrs. G. Van Ackeren, Mrs. W. Stephens and Mrs. Bertha France, the latter executive secretary of the Community Chest here.

Breakdown of the affiliated chest organizations includes their allotment for 1961, their requests for 1962 and their recommended allotment for 1962 in that order. Budget, approved by the executive, was read by Mr. Buchanan in the absence of budget committee chairman Percy McCallum.

| 1961 Request | 1962 |
|---------------------------------|-------------------------|
| Salvation Army | \$6,000 \$6,000 \$6,000 |
| CNIB | 4,000 4,000 4,000 |
| CARS | 5,000 5,000 5,000 |
| Boy Scouts | 1,500 1,500 1,500 |
| Navy League of Canada | 400 750 700 |
| Kelowna Homemakers | 3,300 3,300 3,300 |
| Kelowna Health and Welfare | 500 500 500 |
| Retarded Children | 3,000 3,000 3,000 |
| David Lloyd-Jones Aux. | 150 150 150 |
| Aux. to S. Okanagan Health Unit | 150 150 150 |
| Clothing Depot Council of Women | 300 300 300 |
| Cerebra Palsy Assn. | 450 500 500 |
| Kelowna Boy's Club | 2,000 2,000 2,000 |
| B.C. Borsal Assn. | 200 18% Inc. 200 |
| John Howard Society | 800 1,500 1,000 |
| B.C. Epilepsy Soc. | 150 150 150 |
| Multiple Sclerosis Soc. | 150 150 150 |
| Admin. expenses | 1,500 1,700 1,000 |
| Campaign expenses | 1,000 1,000 1,000 |

when need of an affiliated organization may be as great as at any other time of year.

Recommended allotment for the Navy League of Canada, who operate Sea Cadets in Kelowna, is contingent upon receipt by the chest of an audited financial statement from that group.

SOME RENEGING

In the case of the John Howard Society, whose budget for the B.C. Interior this year is \$6,000 most of which pays for a full time field worker between Kamloops, Vernon, Kelowna and Penticton, the chest felt it was doing its part.

Arrangements for other communities of the area to share this expense have so far not been fulfilled except for Kelowna and Vernon, the latter having indicated it would pay the arranged amount.

Mr. Buchanan, in putting forth the budget, told the chest executive that much care and discussion had taken place to keep it as low as possible commensurate with the needs of the various affiliated organizations.

GREAT CANAL

The Suez Canal was begun April 25, 1859, by a French corporation under Ferdinand de Lesseps and was opened Nov. 17, 1869.

Employers Sometimes Buck Chest Payroll Deductions

Community Chest director Frank Williams said Tuesday 94 employers here contacted by form letter asking them to make payroll deductions for the chest fund this year, only nine replied.

Kelowna employers who have more than 12 on their staff have been asked to distribute the reduction cards to their employees.

Mr. Williams said that a follow-up phone campaign this week netted 21 acceptances out of 25 calls made by secretary Mrs. Bertha France. He termed this "excellent response."

Earlier at the Kelowna Chamber of Commerce meeting, chest executive N. D. Mullins, asked the chamber to give its support to the payroll deductions.

"Resistance to this is from employers not employees," Mr. Mullins told the chamber, adding that the payroll system seems to work in Vernon "but not here."

Calling it a "comparatively painless way to contribute" to the 17 agencies covered by funds from one drive, Mr. Mullins asked through the C of C that all those employers who haven't been approached to get in touch with Mr. Williams.

Mr. Mullins added that some employers won't even allow chest officials to approach their employees, "In Kelowna?" was asked.

TWO-TIME LOSER

Lorne Albert Harron of Kelowna this morning in police court was sentenced to 30 days in jail on a charge of impaired driving Tuesday. He was arrested in an intoxicated condition at the west side of the bridge, RCMP said. He was also given a 12 month licence suspension and referred to the Alcoholism Foundation by magistrate D. M. White. The magistrate said it was Harron's second conviction for the same offence within two months.

Clarke and Bennett were in charge of arrangements.

H. G. BUCHANAN
... chest chairman

Pritchard Denies Gellatly Story

Dudley Pritchard, Westbank Chamber of Commerce president today denied he ever contacted the Westbank Parks Board to approve a park exchange on behalf of the Chamber.

Mr. Pritchard told the Daily Courier his letter to Parks Board member William MacLean dated Aug. 7, in which he gave his personal support of a land swap by the parks board and the Westbank Co-Operative growers, didn't involve the Chamber at all.

Yesterday, C. of C. secretary Dorothy Gellatly said she resigned from her post when Mr. Pritchard asked her to write the Board approving the exchange. Mrs. Gellatly refused to do so, indicating the Chamber had never discussed it. She sent in a letter of resignation Sept. 3.

COULDN'T BACK

Mr. Pritchard said he told the Parks Board he couldn't give Chamber backing to the project since there was no record of any discussion but he said he gave his own support and said the Chamber would likely back it when they resumed meetings after summer recess.

He also said the swap, which would give the area a five acre park as compared to the three acre park now in existence adjacent to the coop was approved by about 20 to one at a meeting attended by 80 Westbank residents Sept. 5.

"ONE OF THE WORST CASES" NETS KIDS \$305 IN FINES

"This is the worst case I've ever heard!" That was magistrate D. M. White's comment as he convicted 13 Kelowna district boys ranging in age from 13 to 17 years for wilfully destroying without cause about 5,000 fish in local creeks.

Nine were fined \$25 and costs for their part in the destruction over the weekend after Game Warden Don Ellis caught them either clubbing or stoning spawning kokanee. The other four were fined \$20.

The magistrate said all the juveniles admitted they knew the law but said they thought they'd "have some fun." Each of their parents were present in the courtroom and in some cases said they'd taken their youngsters to the scene of the slaughter.

In convicting the juveniles, the magistrate said they'd done a terrific injury to the tourist industry here by destroying the fish.

All paid their fines immediately.

OVTA Advertising Budget To Attract Prairie Friends

Okanagan Valley Tourist Association will spend another \$2,600 on advertising this year to attract prairie people into the area.

The money will be what's left of this year's government matching grant for tourist promotion given to each of the eight regions in B.C.

OVTA secretary Fred Heatley said at a well-attended meeting here Tuesday night there are \$3,700 in promotion invoices into the government and about \$881 worth of bills to pay by the OVTA. When the government repays the money, it will be used to further the industry here.

PRAIRIE SUCCESS

Most successful has been the advertisements in Calgary and Edmonton newspapers, he said. With a coupon attached, the ads have attracted more than 700 replies since they began in July. From the last ad which promoted a "See Okanagan during the harvest" trip, there have been to date 300 letters received locally for literature, maps, brochures, etc., he said.

Members last night voted unanimously to carry on the program and experiment with advertising in one of the smaller Alberta newspapers.

HOW'S THE WEATHER?

A. R. McLeod of Westbank has asked the Okanagan Valley Tourist Association to see if it can provide Valley temperatures and road reports for Alberta news media. Mr. McLeod said tourists heading this way are anxious to find out before they come how things are on the other side of Rogers Pass. The OVTA here agreed to make arrangements.

CONSTRUCTION RAPID ON \$250,000 NURSING HOME

Still in the building stages is the new Still Waters nursing home and chronic hospital being built by Rev. and Mrs. Joseph B. Kornalewski on the Old Vernon Road. The hospital will have 70 beds and a permanent nursing staff, and is expected to be opened about mid-October, the Kornalewskis said. (Courier photo)

Doukhobors Out Of Work; IWA Concerned

Officials of the International Woodworkers of America expressed grave concern in Kelowna today about the idling of some 300 woodworkers in the Grand Forks-Midway area.

Logging and sawmill crews of Grand Forks Sawmills Ltd. and Boundary Sawmills Ltd. who are members of the Orthodox Doukhobors have stayed off their jobs since last Friday "to protect their families, homes and property" which they say is endangered by the presence of trekking Freedomites, according to an IWA press release.

Interior regional director of the IWA, J. Clayton Walls, and local 1-423 officers, president William Schumaker and financial secretary S. A. "Bill" Muir, were in the Boundary area discussing the problem of the idled men with company and Doukhobor officials.

MET WITH LEADERS

The officials of the IWA met with C. G. McMyrn, head of both lumber companies concerned and with J. J. Verigin, spiritual leader of the Orthodox Doukhobors, in an effort to work out a solution so that the mills and logging section could resume work.

The union officials said Mr. McMyrn had assured them that the company understood the plight of the workers concerned and that no job replacements would be made at this time. If the situation continues for an indefinite period however, the companies will meet with the union to arrange a satisfactory solution.

CONTACTED BONNER

Meantime, the IWA local 1-423 has wired Attorney-General Robert Bonner, requesting action to solve the dilemma. Mr. Walls said the union was requesting the government of B.C. to reconstitute the consultative committee which has ceased to function for some years. This committee was comprised of representative interested community groups and the parties concerned.

Such a committee, according to Mr. Walls, had served a useful purpose of affording the parties an avenue through which problems and grievances could be discussed with a view to reaching an ultimate solution to the 60-year-old question.

Naturalists First Meet Of Season

At the first evening meeting of the Naturalist Club after summer holidays, held last night in the board room of the Regional Library, six new members joined the recently organized club. Membership now stands at 75 adults and nine juniors.

Featured on the evening program was the color film "The Web of Life." This is a vivid presentation of the dependence of all forms of life, both plant and animal, on the actions of other living creatures. As the dominant form of life on earth, man must attempt to understand and regulate his own actions, or he, too, may find himself destroyed as other dominant forms have been in ages past.

Reports on various summer activities were given by Mrs. T. B. Upton on the Natural Resources Conference; by Mrs. Trevor Pickering on a visit with Naturalists in Victoria; and on the camp near Lake Louise sponsored by the Vancouver Natural History Society.

The president, Dr. H. J. Hocking, presented a selection of colored slides taken by Mr. L. L. Kerry, Miss Sue Hart, and Mr. E. W. Van Blaricom. These included attractive areas near Kelowna, such as Crawford Falls; and glimpses of the Trail Riders of the Rockies, a trip that draws visitors from many countries.

CHAMBER BRIEFS

"Wanted... young men." Kelowna Jaycees are currently attempting to lure as many of the city's young business and professional men into their organization as they can encourage.

One of the attractions, among others, is a dinner Sept. 25 at the Capri Motor Inn.

Jaycee representative on the Chamber of Commerce Dave Kinney yesterday asked the senior executive for its support and requested that any potential candidates' names be forwarded to the junior group.

TRAINING PROGRAM

C of C representative and hotelman Joe Keenan said a training program for waitresses, chefs and others in the catering service is in the stages of being organized this week and several spring refresher courses will be held next year.

Mr. Keenan said he hopes Kelowna women who are interested in working in the catering business as a supplement to their incomes will attend the course.

He pointed out that this year's shortage of help will double next year if there isn't some stimulus to encourage people to work at it.

RUTLAND'S PROXY

Chamber president J. Bruce

Smith and vice-president T. C. McLaughlin who'll be attending next week's Canadian Chamber of Commerce convention in Vancouver will represent by proxy the Rutland C of C. In a letter, Rutland president Dr. A. W. N. Druit asked the two Kelowna men to stand in.

On the matter of policy, public affairs chairman N. D. Mullins said there were about 20 ticklish resolutions which will have to be voted on from a brief of about 140 pages.

C of C executive yesterday gave the two men the authority to use their "ability and best judgment to vote on policy having in mind the recommendations of the committee."

WORLD APPLE GROWERS

Agricultural representative on the executive L. R. Stephens said there was every chance Kelowna could be the site for a meeting of the International Apple Growers Association in 1967.

Mr. Stephens said it would involve about 1,000 delegates from all over the world and that accommodation was the biggest problem. He pointed out that two of the executive were here in Kelowna: R. P. Walrod and J. B. Lander.

MEETS IN TWO WEEKS

Next meeting will be Sept. 24.

Otto Leboe Sacred Prexy

The annual business meeting of the Kelowna Social Credit group was held at the home of Premier and Mrs. W. A. C. Bennett this week with Otto Leboe elected president of the group for the coming year.

Other officers elected were: Ross Sutherland, first vice-president; Edgar Colter, second vice-president; John Johnson, third vice-president; Albert Bal-four, fourth vice-president; Ted Haugseth, treasurer and Earl Johnson, secretary.

Broadcasters' Convention In Session

Between 30 and 40 representatives of radio and television from all parts of the province are in Kelowna today attending the summer meeting of the B.C. Association of Broadcasters at the Capri Motor Inn.

The two-day convention started this morning with a seminar on operating costs and taxes, conducted by Prof. Ralph Loffmark of the UBC faculty of commerce and business administration.

Tomorrow committee reports and discussions will be held under the chairmanship of Murdoch MacLachlan chairman of a joint UBC-BCAB committee.

Dr. Andrew Stewart, chairman of the BBC will speak tomorrow morning at the conference. It is mooted he will bring an important message to the meeting dealing with the controversial CBC football coverage on television this year, but no confirmation will be forthcoming until the speech.

Also present at the conference is Don Jamieson, president of the Canadian Association of Broadcasters, from Newfoundland.

Similkameen May Get It Back

Similkameen Valley Tourist Association, part of the region "C" promotion for the Valley, but a splinter group because of its location, will get some of its own promotion money back from the government.

At a meeting in Kelowna Tuesday, a group from Similkameen headed by George Schisler asked the Okanagan Valley Tourist Association if the \$1,500 in brochures they spent to promote their southern region could be matched by a government grant.

The OVTA thought so. The Similkameen group, although included in the boundaries of Region C which receives matching provincial grants for its money, raised to promote tourism, is not a member of OVTA but may join at a future date, Mr. Schisler said.

FRED GETS RAISE

OVTA secretary Fred Heatley last night was granted a \$300 a year salary for his work on behalf of the tourist group. President A. M. Duncan pointed out that when the tourist group began five years ago, it had \$1,500 in its budget and paid the secretary \$50 the next year, the budget has gone up to \$15,000 and the work has skyrocketed. The job of secretary is an annually-appointed one.

Senior Citizens Want More Room

Kelowna's senior citizens want an extension to their club rooms. In a letter to city council, Mrs. Margaret Oslund, secretary-treasurer of Branch 17, Senior Citizens Club in Kelowna, said the group would like an addition to their building adjacent to the Chamber of Commerce building.

She said since moving into the building in 1958, club membership has been increased to 344 with room enough for only 15 card tables. She suggested it could be done as a winter work program.

HOPE TOURIST SIGN

John Ladyman of Vernon has been asked to decide on a site for a new Tourist Association sign to be located about 10 miles from Hope. There are two possible sites on the busy highway: one on an old mill property and the other on a former service station lot.

Liberals Are Showing Strength In Ontario

The political winds are blowing in Ontario and they seem to be favoring the Liberals. At least, for the first time in two decades the Conservatives would appear to be in some danger of losing control of the Ontario Legislature.

There are a number of factors which have affected the Conservative chances of re-election come the next provincial general election, probably next spring. In the first place, the Conservatives have lost the leader who had kept them in power, ex-Premier Leslie Frost, who retired a year ago and was succeeded by Premier John Robarts.

But Mr. Frost left behind him the inevitable legacy of irritations which any government in power for twenty years does accumulate. Shortly before his retirement he imposed a provincial sales tax of three per cent and while this is small compared with the five per cent we have in this province, it nevertheless is certainly not popular in Ontario. Then there was a series of scandals including highway construction and a crime investigation which is still going on. Also the Ontario Municipal Act has far outlasted its usefulness and in its present form imposes seemingly endless problems on property owners. Added to this is the fact that many of the high office holders in the government are well past their political prime and usefulness.

If these things were not enough for the new premier to inherit, the Conservative organization in Ontario has apparently deteriorated, thanks to the 20 "fat years" and the loss of its leader. Mr. Robarts himself had a stiff fight to win the leadership of the party against four other claimants.

Against this deterioration of the Conservative party there has been a strong resurgence of the Liberal party.

In five provincial by-elections last winter the Liberals won three and in the two others were close enough to force recounts.

There are some indications that the strong Liberal showing in Ontario in the federal election was actually partially a result of irritation against the provincial government. A survey prior to the federal election showed that Ontario voters were inclined to vote against the federal Conservatives because of the sales tax and the crime probe, despite the fact these were provincial matters.

While the Conservative organization has apparently fallen apart in Ontario, the Liberal organization has grown much stronger. The federal and provincial Liberal organizations were completely integrated before the federal election and it is said it was by far the most formidable organization of any party in any province.

The Liberals, after floundering in the wilderness for two decades are now convinced they can win in Ontario with their present leader, John Wintermeyer. He was inexperienced when he took over the leadership and made mistakes, but he has learned in the hard school of experience and outmanoeuvred Premier Robarts on several occasions in the Legislature. He no longer has a divided caucus or party organization and has the unique kind of tough seasoning which can only be obtained in the role of party leader.

In terms of party unity, internal party dynamics, organization and leadership, the Ontario Liberals would seem to have the edge. There remains a year at the most for the Conservatives to close ranks and close the gap in public esteem which they would seem to apparently suffer at this time.

Register All Revolvers

Are Canadian regulations about the possession of firearms too lax? That is the question that is raised by the recent murder in Toronto where a 16-year-old girl, who had been raped and shot through the heart, was found lying in a ditch in a Toronto suburb. An autopsy showed that she had been shot with a .32 calibre pistol.

As the Sudbury Star points out this is a story that once again focusses attention on Canadian law in respect to the possession of pistols and revolvers. The law requires that all such guns be registered but it is a safe bet that there are scores and perhaps hundreds, that are not registered. The truth of the matter is that registration by itself is not sufficient. The law needs to be much tougher and police files on revolvers and pistols much more complete than at present.

"In the war years," the Star recalls, "there was compulsory registration of all persons with severe penalties for default. The justice department at Ottawa could require that all small arms be registered within a one-week or two-week period during a given time.

Anyone found in possession of an unregistered weapon after that time would be subjected to imprisonment, rather than a fine. In registering the weapons the police would fire a test bullet from the gun which would also be kept as part of the file. Manufacturers, jobbers and dealers would also be required with similar regulations reporting all sales and other pertinent information. Any sales by an individual, exchange, loss or theft, would likewise be subject to regulation with severe penalties for infractions.

"The reason for this is obvious, police would have a complete file on every revolver or pistol in Canada. It would become a relatively simple matter to trace a weapon and its ownership. With modern computers and electronic devices there would be nothing cumbersome in the operation of such a system. And the information that could be made quickly available to the police would be as effective as the fingerprint identification system in tracking down criminals. Each gun leaves its own distinctive 'fingerprint' on fired bullets."

Invite For The Mayor

If the civic flower baskets hang there is no need for heads to hang because the mayor of Kelowna says his city's baskets are prettier than ours. After all Mr. Bennett was there recently and in his wake there is usually a blooming of some kind or another.

At least, however, our baskets were first on show, and if at the moment

Kelowna's seem better this will be an exchange we can afford. Were the customary weather in vogue theirs would be willing while ours stayed in their pristine glory.

As to that our visitors find them as attractive as ever—and perhaps the Kelowna mayor should come in the wintertime and see our Christmas roses.—Victoria Colonist.

A fresh indication that the Kettle Valley people mean to push construction of their line is afforded by the fact that Mr. B. A. Moorhouse, has been entrusted with the survey of a timber limit for the company on which the ties for the railway will be cut.

The school of experience doesn't have any "crip" courses.

ON THE OTHER SIDE OF THE WALL

TO YOUR GOOD HEALTH

Reduce Now For Health

By JOSEPH G. MOLNER, M.D.

In the average case a woman eats more food, and hence more calories, in the first two-thirds of a pregnancy.

She is, after all, obligated to consume more of the vitally necessary food elements, notably protein, calcium, vitamins, of which Vitamin C may be a critical one.

She need not stuff herself despite the old wheeze about "eating for two". She is—but the second is a very small one.

In the last one-third of the pregnancy she is likely to eat about 10 per cent less than before. She must continue to be just as careful about eating the vital foods, but she does not need as many total calories. For one thing, she usually is less active and hence "burning up" fewer calories by exercise.

There is no reason why an overweight woman cannot, to her advantage, reduce while she is pregnant, so long as she gets adequate amounts of the critical foods. The reducing can be from eating less sugar and fat. Drastic weight reduction may not be advisable because of the risk of skimping on the necessary foods.

Certainly the gain in weight should be limited in any case to from 18 to 20 pounds. Going above that is not good for either mother or baby, and can cause difficult deliveries. Besides, the excess weight can be difficult to shed later.

For extremely heavy women (who should have thought about reducing sooner anyway!) there might be good reason for reducing during pregnancy, but only under the most careful supervision to see that nutrition does not suffer, and that too much fatigue does not result. And I strongly question the use of any "reducing drugs" at that time.

The better rule is to control weight during pregnancy, do the reducing afterward. (The simple exercises to regain muscle tone after the baby is born can then do double duty: Regaining the figure, and burning up calories.)

Here is a guide for the average pregnancy, in daily needs:

1 qt. milk 1 egg
6-8 oz. meat 2 T fat
2 slices bread 1/2 cup cereal
Vegetables: 1 potato, 1 green or yellow vegetable
Fruit: 2 oranges or 1 grapefruit

Midway through pregnancy or a bit later, as in the case of yesterday's letter from Mrs. B. R., if a woman does not "lose" on a reducing diet, it still represents progress; the baby is gaining; she herself is losing by about the same amount or holding her own. A woman CAN lose weight—essential weight, that is—during pregnancy, but it has to be carefully done. For safety, I suggest merely limiting weight in pregnancy, and doing the losing later. (Better yet, do it before—but that's too much like demanding hindsight, isn't it?)

Dear Dr. Molner: I am 24, and every month have red, inflamed lumps on my legs, arms, toes and various parts of my body. They are very irritating. Can you explain this reaction?—P.M.

I assume you mean this happens with the menstrual period. It sounds like a condition called erythema nodosum—a scattered red, painful lumps. It could be what we know as an urticarial "hive"—reaction which can occur with the period. I'd suggest having your doctor or a dermatologist take a look while the lumps are prominent.

NOTE: TO K.M.: "Acromegaly" or gigantism is the result of over-activity of the pituitary glands which controls growth. Such people grow rapidly. Full

grown, they range from 6 1/2 to 8 feet tall, have large jaws, large hands and feet.

LETTERS TO THE EDITOR

AGREEABLE OPINION

The Editor,
The Daily Courier,
Kelowna, B.C.

Dear Sir:

The Guest Editorial of the Rev. E. Martin of Bethel Baptist Church "We need Regeneration rather than Religion" produces a warm feeling among readers. He is to be congratulated for his thinking, too often, ministers think and fail to express what they themselves think. It is true that adherence to religion as taught by the Churches have brought the people of the World to the pitiful state of chaos in evidence today. It is not that they do not want God, but they do not understand a teaching that fails to permit them to come to grips with God in a practical way. To say that one must have faith and hope for the best has an empty feeling in the 20th Century, when Ministers start to ask themselves the question "Have I been misreading something" then the emotional door they keep shut so tight will start to open.

The Bible as the source of the Churches teaching is up for inspection today. It is THAT which needs regeneration, not the people, the Bible was first compiled in parts as a history of the Jewish race, together with the phantasy of primitive people of past centuries. Man is again busy lopping out words he does not like, and in the words of Dr. Godfrey Driver, chairman of the ten man team of Testament Scholars, and I quote, "The job has to be done every 100 years or so" he says "You've got to meet the speech of that generation, what we have to do is persuade the back countryman, that beautiful as it is, the old version is often nonsense" unquote.

How can one show faith in a book so full of phantasy and nonsense? Moses is a Star performer, he tells us how God created the heaven and the earth, dated in the Bible as 4004 B.C. but Exodus 2 shows that Moses was not born until some 23 Centuries later, 1635 B.C. Moses also created the story of the Garden of Eden, the five books of Moses are full of phantasy and if anyone wishes to say that God told him, then he should read St. John who makes it clear that no one has heard God's voice, nor seen his shape at any time, the falsity of the statement that

TODAY IN HISTORY

By THE CANADIAN PRESS

Sept. 12, 1962

Christopher Columbus sailed from Hispanola in the West Indies for Spain 458 years ago today—in 1504—to end his fourth and last voyage to the New World. The great adventurer died after a long illness in 1506. In 1542 his bones were exhumed from their resting place at Seville and taken back to Hispanola to be buried in the cathedral of San Domingo.

1908—American flying pioneer Orville Wright set an endurance record by keeping his airplane aloft for one hour and 14 minutes.

1919 — Dr. Theodore Heuss was elected first president of the Federal Republic of Germany.

BIBLE BRIEF

Behold, ye have sinned against the Lord: and be sure your sin will find you out.—Num. 32:23.

No one can hope to conceal his sin from God, no matter how skillfully He may plan.

MOVE TO CANADA
KAMLOOPS (CP)—The International Northwest Conference on Diseases in Nature Commemorable to Man will hold its 1963 meeting here next August.

The Bible is God's word becomes apparent, since it was written by man, not God.

By clinging to the literal writings, Ministers have missed the esoteric interpretation of the Scriptures, which tell the full story of man. It is not a question of how the world was built, but rather how man can align himself to the Universe of which he is a part, and by using the influence of the power of God to guide him in his daily life without asking for it. The present day Churches are doomed to gradually fall, since they are founded upon emotionalism, not upon a solid rock that might understand, (our weekly trek on salvation Sunday, brings us back home again with no more knowledge than before we went). Their places will be filled by schools of Christian Philosophy, using the tools of science to determine each one's niche in life, fear of the unknown will vanish, people in wrong places will be a thing of the past, and no longer will they choose to pollute the bodies with Alcohol, Nicotine, and Drugs. Sickness will be conquered by the power of God dwelling within the bodies of all people, this is the esoteric meaning of the second coming of Christ, bringing with it Spiritual Peace, Health and Happiness.

Many cycles of time will yet pass in chaos, until after the first quarter of the 21st Century, change will then be evident. God is not a person but a great power, God is spirit, the Father of all life that always was and always will be. When we understand this, we will have our foot upon the first step of greater happiness.

ALLEN BENTLEY.

WORLD BRIEFS

FATAL MEAL

LOIRET, France (AP)—"I could eat two metres of salami easily—provided I had some good wine to wash it down," boasted retired policeman Louis le Bellour, 55. He silenced doubters by actually downing this much and a few inches more, but died next day of indigestion.

HISTORIC ROAD

WARSAW, Poland (AP)—Archaeologists say they have dug up what appear to be remains of a turnpike built in the middle ages of Krakow in southern Poland. They uncovered thick, well-finished strips of oak and pine believed produced in the 14th century.

HUNT FOR BEARS

BEIGRADE, Yugoslavia (AP)—A hunt will be organized to reduce the flourishing bear population of Yugoslavia's Sar mountain area. The bear, long protected from hunters, lately have been causing damage and have become a menace to humans.

LONG TITLE

AUCKLAND, N.Z. (CP)—Official title of a trade union just formed is: The Northern, Taranaki, Wellington and Canterbury Federated Foremen's Stewards, Timekeepers and Permanent Hands Industrial Association of Workers. "We'll probably need two stamps to make up the union seal," said the secretary.

OTTAWA REPORT

Spuds Up In Court

By PATRICK NICHOLSON

"The Case of the Instant Potato" is now before our courts, and some of the best research and legal brains in government and in private industry are dedicated to the desiccation and distribution of the lowly boiled potato.

Four years ago a food processing company, Salada Foods, obtained a Canadian patent covering a process for preparing pre-cooked dried potatoes in flakes. By this method, they are peeled, cooked, iced and dehydrated—then marketed in packages for quick and easy serving.

Last year our department of agriculture devised and patented a process which is in the same general field, but which, it is argued, uses a different method to produce a different form of instant potato.

While Salada use their own patent to process potatoes at Alliston, Ontario, the government process is licensed to four companies operating in Quebec, Alberta, Manitoba and New Brunswick, whilst a fifth in Prince Edward Island has been negotiating to process the famous potato of that province.

But now the potato has become a legal battleground. In one law suit, Salada is suing Lever Bros. for infringing its patent by importing processed potatoes from USA. In another suit, the federal government, through the department of justice, is taking action to the exchequer court reportedly to secure a judicial declaration that Salada's patent is void, or that the two patents do not infringe each other.

These disputes have arisen because Salada claims that its patent dominates the process covered by the government patent, while Justice maintains that this claim is damaging to potato producers and potato consumers in Canada. Specifically it charges that the Salada claim "seriously impedes the

use of Canadian-produced potatoes in the detriment of those interests.

As these cases are now before the courts, one may not attempt to prejudge them in comment such as this.

However, it is of general interest to note the general background; also to learn from this case that the potato comes to our kitchens "instant" in two forms—either in granules, somewhat similar to flour, or in the form which is the subject of the present debate, namely somewhat like soap flakes.

The process patented by the government was perfected at the experimental farm of the department of agriculture here in Ottawa by Dutch-born E. A. M. Asselbergs. Now 35 years old, he came to Canada 12 years ago after graduating from the Agricultural University in Holland. He studied at Toronto University, and later obtained his degree as doctor of philosophy from Cornell University, USA, for his work on the synthesis of vitamin C.

Dr. Asselbergs' process includes peeling, cooking, icing and drying potatoes. They are cooked for 7 or 8 minutes in water boiling at a temperature of 212 degrees.

The Salada manufacturing process consists of peeling and slicing the potatoes, and holding these slices in water at 165 degrees for 30 minutes, then conditioning them for 30 minutes in dry air, and finally cooking them in steam for 5 or 10 minutes. This yields a potato flake which is one potato-cell thick; Dr. Asselbergs' process results in "crystal-like particles" which are each three cells thick. A potato cell is so small that it is measured in a tiny unit called a micron. 1,000 microns make one millimetre; 25 millimetres approximate to one inch. Each cell in a raw fresh potato is as little as 100 microns thick, so 250 cells laid side by side may squeeze into one inch.

COLD WAR ISSUE

Trade officials here report that the legal uncertainty surrounding the flaked instant potato in Canada is handicapping our exports and restricting its market here. When all is cleared up, there may well be a large increase in the production and marketing and exports of Canada's potatoes.

St. Theresa's Church Scene Of Pretty Rutland Wedding

Dahlias and tall white altar candles decorated Saint Theresa's Catholic Church in Rutland on September 1st at 10 a.m. when Celina Juliana Hauk, daughter of Mr. and Mrs. Plus Alex Hauk of Rutland, became the bride of Ronald Adam Schaad, son of Mr. and Mrs. Robert Schaad of Kelowna.

Reverend Father F. L. Flynn officiated and the soloists, Mr. Al Sherman and Mrs. G. Meier of Rutland, sang "On This Day Oh Beautiful Mother," "Veni Jesu au Mor Mi" and "Ave Maria," accompanied by Miss Lucille Meier of Rutland.

Given in marriage by her father the bride was radiant in a full length princess style gown of white chiffon and lace over taffeta and net, featuring long lily point sleeves and a sabrina neckline accented with sequins and pearls on flowers. Similar pearl and sequin trimmed flowers were arranged around the skirt, and a crown of sequins and pearls held her bouffant tulle veil. She carried a bouquet of red becares roses, and her sole jewellery was a cultured pearl pendant with matching earrings which were a gift from the groom.

The maid of honour was the bride's sister Miss Agnes Hauk of Victoria and the bridesmaid was Miss Ellen Donhauser of Rutland, cousin of the groom. Dressed in red velvet sheaths with short sleeves and a round neckline, they carried baskets of assorted flowers and wore small velvet bows holding white net veiling on their hair.

The groom's god-daughter and cousin, small Karen Donhauser of Winfield, was flower girl and looked charming in her short red velvet dress with the collar and cuffs accented with white lace. She also carried a basket of assorted flowers.

Attending the groom were Mr. Bruce Welser of Kelowna and Mr. Denis Hauk of Rutland, and the ushers were Mr. Wayne Schaad of Kelowna and Mr. Lynn Spring of Edmonton. The groom's young brother Freddy Schaad acted as ring bearer.

At the reception at the Elks Lodge in Kelowna the bride received the guests wearing a pale blue linen sheath with matching three quarter length jacket, white accessories and a corsage of pink and white sweetheart roses. The groom's mother chose a beige sheath of brocade taffeta with a hat ensemble complemented with a cor-

MR. AND MRS. RONALD ADAM SCHAAD

lage of yellow roses.

For her honeymoon to southern points the bride changed to a box style suit of avocado green seal skin with white accessories. On their return the young couple will make their home on McDonald Road, Rutland.

Out of town guests attending the wedding included Mr. and Mrs. Joe Schell (Godmother) and family Mr. and Mrs. Plus Donhauser and family Mr. and Mrs. Ben Selzer and family all of Calgary. Mr. and Mrs. Walley Keller and family of

Edmonton; Mr. and Mrs. Albert Spring and family of Alliance, Alberta; Mrs. Mike Birn of Donald, Alberta, all uncles and aunts of the groom; Mr. and Mrs. Adam Stabler of Unity, Saskatchewan; Mr. and Mrs. B. Dick of Regina, grand- parents of the bride; Mr. Max Dick and Mrs. Katie Froelich of Saskatoon; Mr. and Mrs. George Spring, Mr. and Mrs. T. Reinhardt of Edmonton; Mr. and Mrs. George Ray and Mr. and Mrs. Codie of New Westminster, B.C.

ANN LANDERS

A Female Is Ever A Girl

Dear Ann Landers: Will you please tell me how old women must be before they stop referring to themselves as "girls?"

My wife belongs to a card club which meets every other week. All these biddies are about the same age as my wife. Five of them went to school together, in fact. My wife is 59. We have eight grandchildren. Every woman in the club is a grandmother except one, and she never married.

You know very well that these old dames are not kids. Yet they refer to themselves as "girls." This sounds so peculiar to me I wish you'd straighten them out. Thank you.—DOC

Dear Doc: A female is a girl as long as she lives, and she has a right to call herself one. This train runs both ways. Have you seen some of those bald-headed, paunchy coots who want a night out with "the boys?" Well—same thing, Bub.

Dear Ann Landers: I'm 17 and

Social Items From Winfield

Mr. and Mrs. Otto Holtzki are on a motoring holiday to Saskatchewan where they will visit Mrs. Holtzki's mother who will celebrate her 88th birthday while they are there.

Mr. Norman Arnold has returned to Hundred Mile where he will teach in the High School again this year.

Mr. and Mrs. Arthur Arnold accompanied by their daughter Mrs. M. Dapavo of Rutland motored to Calgary for the long weekend.

Mr. Graham Dickie left on Thursday for Vancouver where he will attend Union College at the University of British Columbia.

Mr. L. Stowe was home for the long weekend from Quilicum Bay where he is employed, his son Ken who was also employed at Quilicum Bay came home with him, Ken leaves on Sunday for Vancouver where he will begin studies at U.B.C.

Mr. and Mrs. Gary Teel and family have moved into the Wooddale Road.

Mr. and Mrs. R. Carleton of Winnipeg are guests at the home of Mr. and Mrs. J. E. Scaton.

Mr. W. Wilson of Nanaimo was a weekend visitor at the home of his mother Mrs. P. T. Wilson.

Rutland Girl Leaves For England

Mrs. C. A. Shunter, accompanied by her daughters Judy and Christie, drove to Vancouver at the weekend. Miss Judy Shunter who left Vancouver by plane on Sunday for London, England will spend some time there and will also visit other European cities. Miss Christie Shunter will be attending the University of B.C.

Mr. Donald McNiven is a patient in the Kelowna Hospital. Jim Gray, of Comox, Vancouver Island, is spending two weeks holiday visiting at the home of his parents, Mr. and Mrs. A. W. Gray. He travelled via Seattle, and visited the World's Fair en route.

William Cripps, son of Mr. and Mrs. Ernie Cripps, left for Vancouver on Monday to resume his studies at the UBC.

Friends of Mr. George Reith will be glad to know that he recovered from his illness, and is home from hospital.

Pioneer Residents Visit Old Haunts In Okanagan

PEACHLAND — Pioneer residents of the Okanagan, now residing elsewhere, who visited their old haunts at the weekend were Mrs. F. A. Prothero, of Birmingham, Michigan, the former Jean Pollard, and her daughter Mrs. W. J. Elsworth of Spokane, Washington, with her five children. Also visiting the district was Mrs. B. E. Caniff, formerly Marion Cossar, who has been residing in Calgary for many years. Both parties visited Mr. and Mrs. C. W. Aitken in Peachland enroute to Vernon to see Mr. B. M. Whyte who is also a former resident.

Mr. and Mrs. Albert Town of Vancouver have been renewing acquaintances in the district for the past week. Mr. Town is also a former old time resident of Peachland.

Miss Una Davies, of Portland, Oregon, has been a house guest of her brother and sister-in-law Mr. and Mrs. J. Davies. She was accompanied on her holiday trip by Mrs. C. Payne, of Mitchell, Oregon, who stopped at the Totem Inn.

Recent visitors of Mr. and Mrs. Verne Cousins were the former's sister (Molly) Mrs. L. Ollorne and her husband, of Eckville, Alta., his nephew and niece, Mr. and Mrs. L. Ollorne, Jr. and daughters, Audrey and Barbara of Kamloops; Mr. and Mrs. L. Caul, with Carol and Judy, of Burnaby; and Don Cousins from Vancley, B.C.

Mr. A. F. Bain of Kelowna is replacing Mr. J. Wakley, bank manager, while he is on a months' holiday.

KELOWNA DAILY COURIER, WED., SEPT. 12, 1962 PAGE 5

AROUND TOWN

GYRO TOURNAMENT

The Kelowna Gyro Club was host to a mixed Golf Tournament held at the Golf and Country Club on Sunday afternoon. Mr. Alan Anderson who organized the tournament in which 20 visitors from Penticton took part, presented the numerous trophies and prizes to the winners among which was the Dick Stewart Trophy which, oddly enough, was won by Mr. Richard Stewart Jr., the Dubbers' Trophy which was won by Mr. Charles Gaddes, and the Gyro Interior Cup which was won by Kelowna.

Following the day of golfing the players were entertained at a delightful buffet supper held on the lawn of Mr. and Mrs. G. (Jim) Whillis' home on Glenwood Avenue.

BLOOD DONOR

A meeting of the Blood Donor Committee was held at the home of Mrs. H. W. J. Paterson on Sept. 7 to meet Mr. H. Baxett, chairman of the newly formed publicity committee, and to make tentative plans for the Fall Clinic, which will take place on November 13, 14 and 15 in the Anglican Hall.

Among those leaving this week to attend UBC were Miss Sharon Gundrum, Miss Sandy Williamson, Miss Janice Walker and Miss Arlene Nicklen.

AWARD WINNER

Richard Lipka who is taking the Honors Course in Science at UBC has been notified that he has won a \$200 award from the Proctor and Gamble Co. towards continuing his studies. Richard who has been working for Mutual Hall Insurance during the holidays and has received \$500 in bursaries and awards this summer will leave this week for UBC. His brother Eric, former set designer with CHBC TV is now working in Sudbury, Ontario, as set designer for CKSO. They are the sons of Mr. and Mrs. Adolph Lipka of Willow Crescent, Kelowna.

Three Kelowna girls who left recently to take their nurses training at St. Paul's Hospital, Vancouver, were Miss Leigh Wilson, Miss Ruth Dodd and Miss Gail McFetridge. Miss Winkie Bucholtz and Miss Nadine White are in training at the Royal Columbian Hospital, New Westminster.

Visitors to Kelowna last week were Mr. Joseph McDougal of Walla Walla, Washington, and his son and daughter-in-law, Mr. and Mrs. Robert McDougal and their two sons who reside in Yakima, Washington. While here they were guests of Mr. and Mrs. W. Spear. Mr. McDougal was reunited with his sister Mrs. Martha Berard after a separation of 77 years.

PRESIDENT'S TEA

The Kelowna Soroptimist Club commenced their fall activities on Sunday afternoon when the members were entertained at a very delightful tea hosted by Miss Mona Bent the club's incoming president.

The tea was held at the home of Mrs. Phyllis Trenwith, who was unfortunately taken to the hospital and was unable to be present.

Club colors of blue and gold were carried out in several very lovely flower arrangements and the tea table was laid with a beautiful ecru, handmade, cutwork cloth. Assisting the hostess were Mrs. Agnes Pike and Mrs. Grace Lee, with Miss Jenny Ritchie pouring tea.

Two new members, Mrs. Edith White and Mrs. Rene Smith, were introduced, and former member Dr. Ann Dawes, will be reinstated.

Members attending the tea included Mrs. Olive Day, Miss Jenny Ritchie, Mrs. Agnes Pike, Mrs. Grace Lee, Miss Wealthy Grigg, Mrs. Shuril Harden, Miss Irene Fields, Mrs. Mari Mori and Mrs. Mamie Dowd.

OKANAGAN MISSION

Guests recently registered at the Eldorado Arms Hotel have been Miss F. Peterson, Calgary; Mr. and Mrs. H. V. Whittall, Vancouver; Mr. and Mrs. A. J. Rogers, Seattle; Mr. and Mrs. Thomas Cole, Seattle; Mr. and Mrs. D. Cypionka, Calgary; Dr. and Mrs. A. Victor, Vancouver; Dr. F. Cohn, Johannesburg, South Africa; Mr. and Mrs. E. E. Poole, Edmonton; Mr. L. H. Ellenwood, Edmonton; Mr. and Mrs. E. E. Smith, Vancouver; Mrs. Mary Haddad, Spokane; Mr. and Mrs. Edward Haddad, Spokane; Mr. and Mrs. R. R. Land, Opportunity, Wash.; Mr. and Mrs. M. Kux, West Vancouver; Mrs. H. L. Shelton, Vancouver; Mr. and Mrs. W. H. Shand, Edmonton; Mr. and Mrs. W. J. Butler, Victoria; Mrs. R. F. Curtis-Lindsay and Margaret, Vancouver; Jessie E. McGlashan, Vancouver; Jessie G. Stevenson, Montreal; Mason Ramsay, Vancouver; Mr. and Mrs. E. B. Durham, Calgary; Mr. and Mrs. M. C. Swerett, Richmond, Wash.; Mr. Justice and Mrs. F. H. Sheppard, Vancouver; Tony Sheppard, Vancouver; Mr. and Mrs. D. Kingsford, Calgary; Mr. and Mrs. W. Arden, Calgary.

Mrs. J. Lamont, Paret Road, was called to Ottawa recently due to the death of her mother, Mrs. L. A. B. Hutton, after an illness of some years. Mrs. Hutton, who was well known here, was the youngest child of Sir Cornelius Kortright, KCMG, former governor of British Guiana, and Lady Kortright, Mr. Hutton, until his retirement a few years ago, was special liaison officer between the two railroads, Canadian Pacific Railway and Canadian National Railway, which he represented, and the Canadian Broadcasting Corporation.

WESTBANK ITEMS

Mr. and Mrs. Jim Peacock left Monday to motor to McCauley Man, where they will visit the former's parents, Mr. and Mrs. J. McCauley, Sr. After their two week's holiday at Jim's former home they will motor back via the southern route, through the Kootenays, etc. Going east they took the Rogers' Ferry route and planned stopping off at Bank, Radium and Calgary.

An Engagement Of Interest Is Announced

Mr. and Mrs. Bernard W. Taylor of Vancouver announce the engagement of their daughter Barbara Ann to Mr. Gordon Sladen, son of Mr. and Mrs. E. Sladen of Kelowna.

The bride-to-be is a teacher on the Vancouver teaching staff, and the groom-elect who has just completed his chartered accountant examinations, will graduate this fall at the University of British Columbia with a Bachelor of Commerce degree.

The wedding will take place on Oct. 6 at 7 p.m. in Knox United Church, Vancouver.

Friends Honour Recent Bride From Hamilton

Honoring a bride of last June, Mrs. William J. Marsh, nee Joan Pritchard, old and new friends gathered at the home of Mrs. R. A. Pritchard last Thursday to present Mrs. Marsh with a crystal bowl, a cream and sugar set with matching tray all in the same pattern of cut glass. A purse of money with which to buy table linen also was a part of the presentation.

Some 40 friends contributed, though a considerable number were unable to attend the no-hostess celebration. Then the guest of honor and her mother, Mrs. Pritchard, were given corsages before the presentation.

A delightful social evening followed and good wishes were extended for the future happiness of the bride and her husband.

Mrs. Marsh is the eldest daughter of Mrs. R. A. Pritchard and the late Capt. R. A. Pritchard, and was married in the east last June. Mr. and Mrs. Marsh make their home in Hamilton, and left Sunday to fly to that Ontario city following several weeks holiday spent among friends here.

CENSURE PSALMS

WOODFORD, England (CP) Many of the psalms in the Old Testament are too bloodthirsty to be sung in church, says an Essex rector. Rev. Christopher Wansey has cut 84 of the 150 psalms from his services, substituting passages from the New Testament.

Trustees Urged To Take Advantage Federal Aid

VERNON (Staff)—President of the B.C. School Trustees Association, R. E. Lester, has expressed concern over the lack of progress toward taking advantage of assistance available under the federal Technical and Vocational Training Act and agreement.

In a letter to school district 22 here, Mr. Lester said the Federal Government has indicated it will assume 75 per cent of the provincial capital costs for projects incurred before April 1, 1963 and 50 per cent of the costs thereafter.

Mr. Lester says there is considerable confusion in trustees' minds about what can be done under the Federal-Provincial programs and the steps which should be taken to obtain the financial assistance available.

He says the assistance available until April 1 under the federal - provincial agreement can be a great boon to the educational system and has urged every board to consider how such assistance might be used.

He says, for example, that co-operation between boards, whereby different courses may be offered at school in adjacent districts might prove desirable.

School trustees here will study the proposals, but it was noted one school board has forwarded an application and outlined:

- Construction required including cost estimates and architect's plans.
- Equipment required, including cost estimates.
- Programs to be offered in six general areas, with listing of individual vocational and technical subjects in each.
- Enrolment in the school with projections.

Express purpose of the new act is to provide for the granting of increased financial assistance to boards of school trustees for the construction and equipping of vocational schools and vocational units in secondary schools.

Total 115 At Oyama School

OYAMA (Correspondent)—The new school term started last week in the Oyama elementary school with a total registration of 115 for grades 1-7, of these 17 are beginners. Teachers are Mr. K. Shumman, principal of the school, Mrs. R. Young, Mrs. H. Johnson and Mrs. E. Weddell.

The new school room is proving very satisfactory and the old basement has been divided to make a staff room and a nurse's room and storage space.

OBITUARIES

WALTER BENNETT

VERNON (Staff)—Funeral service was held this afternoon for Walter Bennett, 67, who died at Boleyn Lake Resort, Sunday, Sept. 9.

Mr. Bennett was a resident of Vernon for the past 42 years. A retired manager of the Capitol Theatre, Vernon, he also served in the Imperial army in World War One. His first employment was with the creamery of Pat Burns, then he worked with R. E. Berry Drug Store.

Employed with Famous Players as ticket taker, he then became manager in 1933 with the Capitol Theatre, Vernon. In 1958, he was named good citizen, becoming Vernon's 10th good citizen.

Mr. Bennett was the past president of the Board of Trade, Rotary Club, and served as alderman and member of the parks board. In World War II, he was a public relations agent for the Red Cross and victory loan drives.

His recent work was as an assistant with Nick Turk, superintendent of night schools, in addition to helping at the theatre.

He is survived by two sons, Allan of Cornwallis, Nova Scotia; Walter J. of Vernon; two daughters, Mrs. Enid H. Nelson, and Mrs. Joan Halko, of Vernon; 11 grandchildren, and one sister, Mrs. Elsie Forrester, of Edmonton.

THELMA N. BERRY

VERNON (Staff)—A resident of Vernon for the past 45 years died in Vernon Jubilee Hospital Sunday, Sept. 10. She was Mrs. Thelma Nellie Berry, 51.

Funeral services were held from All Saints' Anglican Church, Rev. C. E. Reeve officiating. Burial followed in the Pleasant Valley Cemetery.

Jaycees are dedicated in work and fellowship to the betterment of the community, the individual and the unit. They are affiliated with the national and international Jaycees, communiting ideas and ideals expressing constructive and democratic thinking of many lands, races and creeds.

"That earth's greatest treasure lies in human personality," one of the six tenets of the Jaycee creed, seems to sum up the entire purpose of the organization.

Those interested in further information would telephone president Wayne Franks at Linden 2-3562.

IN VERNON AND DISTRICT

Daily Courier's Vernon Bureau, Cameron Block — 30th St. Telephone Linden 2-7410

Wed., Sept. 12, 1962 The Daily Courier Page 6

Coldstream Intersections To Get New Name Plates

COLDSTREAM (Staff)—Authority has been given city clerk Roy Blackwood to purchase name signs for 23 intersections in the municipality.

The project is part of the five year plan started three years ago, to designate all streets with name plates. The project will cost \$800 this year, double the budget since none were erected in 1961, and is expected to be finished in two years.

In other council news: The new cemetery bylaw was given first reading this week, which when it becomes law will revamp burial regulations and fees. Cost of plots will increase from \$7.50 to \$35, of which \$15 goes into a perpetual care fund.

Opening and closing grave costs will increase from \$7.50 to \$20; \$30 if after 4:30 p.m. and \$40 on Saturday, Sunday or statutory holidays.

No decision was made on

tenders called to supply the municipality with a pickup truck, main use of which would be for meter reading. Eight tenders were received and City Clerk Blackwood and one member of council will check and make the purchase.

MORE LAND
Additional land for a cemetery, primarily on the Coldstream Ranch will be studied by the board of directors before a decision is made.

NEW WORKSHOP
Plans and cost estimates for a new municipal workshop to be constructed on city hall property was tabled until the next meeting. Estimates have ranged up to \$7,500.

PUBLIC HEARING
A public hearing into zoning amendment bylaw will be held at 7 p.m. Sept. 24. Purpose is to discuss rezoning of certain residential areas to commercial.

ADVANCE POLLS
Council approved bylaw, advance polls three days preceding a municipal election. The poll would be opened from 9 a.m. to 5 p.m. in the past the poll was held on the Saturday preceding the Thursday election.

Two Receive Honors In Credit

VERNON (Staff)—The Credit Institute of Canada has advised Eric Denison, Credit Manager of Country Finance Co. Ltd., and William Palmer, assistant credit manager, J. S. Galbraith & Sons Ltd., both of Vernon, that they have been successful in passing their third and first year examinations respectively.

Mr. Denison will be presented with his MCI diploma in Vancouver on Sept. 27. The course is a three year study through the University of Toronto, leading to an MCI degree in the credit institute. It is considered one of the most difficult credit management courses in Canada.

SCHOOL DISTRICT BRIEFS

School Board Approves Rise In Children's Dental Fees

VERNON (Staff)—School trustees last night approved an increase from \$3 to \$4 registration fee for the preventive dental program clinic.

The increase was made after Dr. D. M. Black, Director of the North Okanagan Health Unit suggested more pre-school children could take advantage but it is more difficult to enrol these children than grade one who are more accessible since they are organized in schools.

He said it is considered that pre-school enrolments in the clinic will rise as parents become more educated in dental care and as the community gains experience in enrolling and registering these children for treatment.

Last year, 200 children attended at a cost of \$5,000. The figure fell short of the budget which was geared for 365 children at a cost of \$7,455.

COLDSTREAM APPROVES
Coldstream municipality will reimburse School District 22 here for costs and maintenance and for water charges on the McClelland school playground. The municipality in a former school trustees costs would not exceed \$300 a year.

LONG SERVICE
Long service certificates for school trustees will be presented to those who have served 10 years or more in school board work. In School District 22, trustee James Inglis will have completed his 10th year this December. Chairman Vera McCulloch has spent nine years on the school board.

NEW STUDENT
School trustees approved an application of a Winfield girl to attend school in Vernon due to that school district's inability to offer certain courses. Barbara Thomson claimed it was impossible for her to major in art, receive instruction in home economics and geography 91 at George Elliot school. A second student, Iris Carlson, in the Armstrong school district, will also be allowed tuition in Vernon for music instruction.

TEACHER SALARIES WILL BE MET DESPITE NO BANK OVERDRAFTS

VERNON (Staff)—School Board Finance Chairman John M. Turner said last night he did not anticipate any trouble in paying teachers and outstanding accounts as a result of a recent bank notice forbidding overdrafts.

While approving August accounts of \$93,424, including teacher payrolls in District 22, Mr. Turner commented on the Jubilee Hospital board's inability to meet the Sept. 7 payroll and whose action has resulted in charges by the Mini or of Health Eric Martin that the hospital board was not operating efficiently.

Mr. Turner said the school district would not be forced to borrow from the banks until March, 1963. "We will see what happens at that time," he said. He did not elaborate.

Church Events

VERNON (Staff)—The 6th day or hall of their meetings. Vernon Cubes will meet at the Trinity United Church hall tonight at 6:45 p.m., and the 6th Vernon Scouts will meet in the main hall of the church at the same time.

The men's prayer breakfast will be held in the main hall of the Trinity United Church on Wednesday, Sept. 12 at 6:45 a.m.

The Anglican Church Women's Auxiliary will hold their first fall meeting on Friday, Sept. 14 commencing at 2:45 p.m.

The C.G.I.T. will start the fall season with a picnic supper at Bulman's Camp on Kal Lake, Wednesday, Sept. 12. All girls are asked to meet at the Trinity United Church at 5:30 p.m.

All organizations of the Trinity United Church are asked to completely organize their time, if there are any changes on their time, United Church Women.

Peterson requesting that the department enforce a section of the school act which makes it mandatory for school children to observe the flag and stand for the national anthem. The letter was prompted by the failure of Jehovah's Witness sect to obey the regulation.

CONVENTION
School teachers will be allowed Oct. 12 free of class duties to attend an Okanagan Valley Teachers Association convention in Penticton Oct. 12-13. School will be closed on the Friday.

MATH TEACHERS
Grade eight mathematics teachers will meet with authors of a new text book in Kamloops, Sept. 19 and Penticton Sept. 28. Eight teachers are involved and the meetings will be split and not disrupt classes in Vernon schools.

TEST LIGHTING
Director of the North Okanagan Health Unit, Dr. D. M. Black will test lighting intensity in Vernon and district schools.

VERNON BOYS-GIRLS!

Good hustling boys or girls can make extra pocket money delivering papers in Vernon for The Daily Courier when routes are available. We will be having some routes open from time to time. Good compact routes.

Also need two boys for downtown street sales. Can earn good money and bonuses. Sign up today. Make application to Mr. Bob Briggs, The Daily Courier, old Post Office Building, Vernon, or phone Linden 2-7410.

MY BLIND SERVANT

Isalah 42:18-20

All students of the Scriptures know that God formed of the descendants of the twelve sons of Jacob the nation known as Israel, and of them He states, "You only have I known (or recognized) of all the families of the earth" (Amos 3:2). "But thou, Israel, art my servant, Jacob whom I have chosen, the seed of Abraham my friend" (Isa. 41:8). "I am the Lord, your Holy One, the Creator of Israel, your King" (Isa. 43:15). With that nation He made a covenant, saying, "Now therefore, if ye will obey my voice indeed, and keep my covenant, then ye shall be a peculiar treasure unto me above all people: for all the earth is mine . . . and all the people answered together, and said, All that the Lord hath spoken we will do" (Ex. 19:5, 8).

In the course of time the nation became divided into two nations—Judah, which comprised the two tribes of Judah and Benjamin; and Israel, or Ephraim, which comprised the other ten tribes, and God declared the division was of Him (1st Kings 11:31-33; 12:24).

Israel, the ten tribes, became faithless and began worshipping the false gods of the nations roundabout. As a consequence she was cast off from Divine favor (divorced) and taken captive into Assyria, and has never returned to the land of Palestine. In due course these ten tribes became scattered, as tribes, among the nations, even to the point of losing their identity and being known as Gentiles, and are often referred to as the "ten lost tribes." But God has not lost sight of them and states, "Is Ephraim my dear son? Is he a pleasant child? For since I spoke against him, I do earnestly remember him still; therefore my bowels are troubled for him; I will surely have mercy upon him, saith the Lord" (Jer. 31:20). Judah, too, was faithless to her covenant and was sent captive into Babylon for seventy years, but in God's providence returned to Palestine and has not ceased to acknowledge Him as her God, the Creator of the heavens and of the earth. She was never divorced by God and has never lost her identity, her people being known everywhere as "Jews."

Despite the fact that in her blindness, her apostasy, Israel lost her identity, the time must come according to prophecy when she would awaken to it, recognize who she is and receive God's mercy. If we are to identify her we must do so by the light of prophecy. In Genesis, chapter 48, it is stated that Jacob placed his name Israel upon the sons of Joseph and declared that the older son, Manasseh, would "become a people, and he also shall be great," and the younger son, Ephraim, would become "a multitude of nations." If prophecy is to be understood it must be interpreted in the light of the physical facts, and thus it becomes "a lamp unto my feet, and a light unto my path" (Psa. 119:105). Prophecy, the Apostle Peter declares, is of no private interpretation (2 Peter 1:20). God gives the interpretation publicly by the events foretold coming to true interpretation for all to see. Can it be said that history has fulfilled and is fulfilling the above prophecies? There can be no gainsaying the fact that we find in the British Empire "a multitude of nations," and in the United States of America "a great people." Thus we have one identification mark—there are others—by which we are able to identify in these nations, the bulk of the people of Israel, the ten lost tribes.

These two mighty empires have been developed by Israel while she has been in apostasy and they have become her idols and in them she has glorified. But God's favor has been with her in that following Judah's rejection of the Messiah at His first advent the salvation of God through Jesus Christ has been sent to the ten tribes scattered among the nations (Acts 13:46; 28:25-28). The call in this present age has not been a national one but a call to individuals to follow Christ. Nevertheless, to the extent that individuals in Israel have been governed by the Word of God, and the governments of the nations formed by her have been influenced thereby, these nations have prospered and have had a much higher conception of justice and righteousness than other nations. To the degree civil men and seducers have gained control of these Israelitish nations have been robbed of the blessings. Today we see this evil influence almost in complete control nationally and the people so wholly absorbed in materialism that apart from lip service God is not in all their thoughts. As a consequence we are now witnessing the political, moral and economic disintegration of the British Empire as a whole, and of the United States of America, being brought about by the "waster that destroys," the "man of sin," the "mystery of iniquity," or, in current terminology, the "hidden, or secret, government" whose purpose is to force upon mankind a new tyranny. The time is imminent, however,

when Israel will awaken to her identity and God will again deal with her as a nation, purged and purified as by fire. "Seek me and you shall live . . . seek the Eternal and live lest He set Joseph's house ablaze with fire that none can quench in Israel" (Amos 5:4-6 Moffatt). That fire has surely begun. We are living in the transition period between the Times of the Gentiles, which Scripturally ended in 1914, and the establishment of Christ's Kingdom on this earth. God's time clock has struck and nothing can prolong the lease of world power He gave to the Gentiles for a specific time only (Dan. 2:37, 38, 44).

As Samson of old, when blind, saw that he could destroy the enemies of his people by bringing their house down upon them, so the people of the British and American empires when they realize they have been betrayed by their leaders—financial, political and ecclesiastical—into surrendering their sovereignty, will, while still blind to their identity, lay hold of the two main pillars of the hidden government—international finance and organized religion—and bring the whole structure down like a millstone cast into the sea (Revelation, chapters 17 and 18), completely destroying the present world order. As these two chapters of Revelation declare, God will put it into the hearts of the ten horns—"my people"—to give unto the "beast" (Europe), their power (sovereignty), for one hour. This we now see taking form. He then instructs His people to throw off the old woman that has been and is riding, manipulating and controlling the rulers, and to "eat her flesh, and burn her with fire"—confiscate her assets and utterly destroy her Babylonian system of international finance and organized religion. Soon thereafter the visible phase of God's Kingdom in power and great glory will be established on this earth, by which and through which He will bring about the blessing of all the families of the earth.

The people of the British and American empires, and other nations of the ten tribes, awakening to their identity, will rise again, not as they are at present constituted but as Israel, to the joy, praise and honor of God and their own rich blessing. Then with repentant Judah (Jer. 3:18) they will as the whole house of Israel return representatively to the Land of Promise. "Ephraim shall not envy Judah, and Judah shall not vex Ephraim" (Isa. 11:13) but "they shall come together out of the land of the north to the land (Palestine) that I have given for an inheritance unto your fathers" (Jer. 3:18). "For the law shall go forth of Zion (the centre of the Kingdom), and the word of the Lord from Jerusalem" (Micah 4:2-4) until "the earth shall be filled with the knowledge of the glory of the Lord, as the water cover the sea" (Hab. 2:14), resulting in ALL men, the living and the dead, being reconciled to God. "Every knee should bow . . . and that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father" (Phil. 2:9-11).

And so God's promise to Israel (the twelve tribes, of which the Anglo-Saxon-Celtic people are the large part) shall be fulfilled: "And I will cause the captivity of Judah and the captivity of Israel to return, and will build them, as at the first. And I will cleanse them from all their iniquity, whereby they have sinned against me; and I will pardon all their iniquities, whereby they have sinned, and whereby they have transgressed against me. And it shall be to me a name of joy, a praise and an honor before all the nations of the earth, which shall hear all the good that I do unto them: and they shall fear and tremble for all the goodness and for all the prosperity that I procure unto it" (Jer. 33:7-9), and say, "Come, and let us go up to the mountain of the Lord, and to the house of the God of Jacob; and he will teach us of His ways, and we will walk in His paths" (Micah 4:2-4).

Israel! "Arise, shine; for thy light is come." Awaken to your identity, put on your garments of glory and beauty, be clothed with the word of God! And "the Lord shall arise upon thee, and his glory shall be seen upon thee. And the Gentiles shall come to thy light, and kings to the brightness of thy rising" (Isa. 60:1-3).

'Earthquake' Far In Front In WFC Rushing

REGINA (CP) — Fullback Earl Lunsford of Calgary Stampede continues to enjoy a wide margin at the top of the rushing department of the Western Football Conference.

Statistics released Tuesday night show Lunsford with 317 yards on 145 carries while halfback Leo Lewis of Winnipeg Blue Bombers has moved into second place with 459 yards on 61 carries.

The statistics cover eight games for Calgary, seven for Edmonton Eskimos and six each for Winnipeg, Saskatchewan Roughriders and B.C. Lions.

Halfback Willie Fleming of Lions is third with 446 yards and Edmonton fullback Mike Lashuk and Johnny Bright are next, Lashuk with 398 yards and Bright with 372.

Lewis has the best average gain at 7.5 yards. Calgary quarterback Eagle Day has taken over leadership in passing, completing 44 of 65 aeriels for a 67.7 completion percentage and an average of 11.5 yards per pass.

BASEBALL STARS

By THE ASSOCIATED PRESS

Batting — Yogi Berra, Yankees, hit 350th homer of his career leading off 10th inning for New York's 8-7 victory over Detroit Tigers boosting American League lead to four games over second-place Los Angeles Angels.

Pitching — Jack Sanford, Giants, scattered eight hits for 2-0 triumph over Pittsburgh Pirates winning his 22nd game of season and 16th in a row while keeping second-place San Francisco a half-game behind National League leading Los Angeles Dodgers.

JACKIE JAMES

with the B.C. champion Kamloops Rockets, has been granted a one-year hockey scholarship with the University of Denver's team in Colorado. He leaves here Saturday.

The lanky forward will be fighting for a berth on the freshman team under the guidance of Coach Murray Armstrong, in a six-team loop comprised of entries from Michigan Tech, and

university teams from North Dakota, Michigan, Minnesota and Colorado.

He will thus be following in the footsteps of NHL newcomer Red Herenson, drafted last year from Michigan Tech by the Montreal Canadiens.

After completing his freshman stint, Jackie will be eligible to compete for a berth on the highly selective Varsity squad.

Obstacles facing the young prospect include a suggestion by the University of Minnesota that Canadian imports be restricted and the fact that coach Armstrong has already imported 12 top calibre players from the Junior A prairie league.

Jackie will definitely have his work cut out in his second attempt to attain a hockey career.

Along with teammates Peter Sternig and Bert Marshall, he recently returned from a tryout with the Edmonton Oil Kings. Marshall, a former Kamloops juvenile defenceman, was the only successful candidate of the trio to sign with last year's Memorial Cup finalists.

Jackie started his career in Kelowna at the age of six and played one year with the Kamloops Juveniles before advancing to the Junior ranks. He topped the OMJHL scoring race last year in close competition with teammate Glen Richards.

Cubs' Practices Draw Good Turnout Each Day

Freshman coach Bob Schultz of the Kelowna Cubs football club said yesterday he has about 40 students turning out each day at practice sessions.

So far the aspiring team members have not gone through and scrimmage sessions but have been concentrating on calisthenics and light drills.

Coach Schultz reports he hopes to hold the first full workout this weekend. The majority of his charges are rookies.

An executive meeting Tuesday night got down to the business of organizing the sale of tickets, availability of equipment and the running of the season's three home games.

The executive decided that team members would handle the lion's share of the ticket

sales and also help out with running the yardsticks at home games.

Tickets for games this year will cost fifty cents for adults and twenty-five cents for students.

As far as the team's 'away' games are concerned, a bus will be provided for the transportation of players with an added vehicle being provided for a cheering section. The latter will pay a nominal fee of fifty cents for each trip. This will cover the cost of transportation and entry into the game.

The Cubs' first game of the season is scheduled for Sept. 22 when they play in Kamloops. First home game will be Sept. 29 when Vernon will be the visitors.

DISTINGUISHED SERVICE - By Alan Mayer

Few Changes In Bucs' Executive For Season

Only two new faces have been added to the executive of the Kelowna Buckaroos of the Okanagan Mainline Junior Hockey League for the coming season.

The club added a new secretary-treasurer in Tun Wong and a new director, Matt Koenig, who has spent several years in the city minor hockey ranks.

The other four members of the front office remain as last season. They are: Bob Giordano, general manager, Emil Bouchard, president, Ron Parkinson, first vice-president, Gordon Schramm, second vice-president.

GM Giordano has yet to announce a coach for the club this year. He reports that he expects to have an announcement in this regard by the weekend. Earlier negotiations with another candidate were of no avail.

KAMLOOPS (CP)—The game branch here said hunters who were willing to "do a little scrounging" picked up trophies when the season opened last weekend. Twelve bucks and two bull moose were checked through a station set up on the North Thompson Highway.

Ewalt Sapinski will be back this year as trainer and will be all set to go when training camp opens Oct. 10 when 35 to 40 hopefuls are expected to turn out. There are about a half dozen spots open on the team this year so competition will be rough.

Bucs will play a 36-game schedule this year in the four-team loop. The other valley cities represented will be Vernon, Penticton and Kamloops which won the league title last season.

The schedule, expected to begin around the 20th of October, will see the Bucs play 18 games at home and 18 on the road.

WILLS STEALS 90TH

Dodgers Down Cubs To Keep Half Game Lead

Little Maury Wills of Los Angeles and chunky Jack Sanford of San Francisco, two guys who rely on speed, have kept the first-place Dodgers and runner-up Giants only a half-game apart in the National

League pennant chase while pursuing half-century-old records.

Wills, the fleet Dodger shortstop, stole his 90th base, scored one run and drove in another with his 15th hit in 20 at-bats while Stan Williams and Ron Perranoski combined for a three-batter in a 3-1 victory over Chicago Cubs Tuesday night.

Sanford, the fastballing Giant pitcher, fired San Francisco to its seventh straight triumph, scattering eight hits in a 2-0 decision over Pittsburgh Pirates for his 22nd victory of the season—and his 16th in succession since he lost on June 13.

Trying to eclipse Ty Cobb's record of 96 stolen bases for Detroit Tigers in 1915, Wills pilfered No. 90 in the first inning against the Cubs and became

only the second player in major league history to pass the 90 mark. He now has 16 games in which to surpass Cobb's feat

ON HITTING STREAK

Wills, who has hit safely in his last 19 games while pulling his batting average up to as even .300, has stolen 14 bases in the last six games and 24 in the last 25. Cobb set his record on a 156-game program

CONVENIENT SLEEPING CAR SERVICE EAST AND WEST

Board your WESTBOUND sleeping car at Kamloops Junction any evening after 8:30 p.m. At 10:40 p.m. it leaves as part of the Continental. If you are EASTBOUND you can board any time after 9 p.m. on MONDAYS, WEDNESDAYS or FRIDAYS and retire for the night at your pleasure. Your sleeping car leaves with the Super-Continental early next morning at 12:35 a.m. The Okanagan Railiner arrives in good time for you to make either connection.

On the return trip, your sleeping car is set off at Kamloops Junction, so passengers for Armstrong, Vernon, Kelowna and Penticton may remain on board till it's time to catch the Okanagan Railiner leaving at 6:00 a.m. Ask your CN Agent for full details. All Times Pacific Standard.

Imlach Setting High Marks For Cup Champs

Punch Imlach, not satisfied with his first Stanley Cup, already is publicly flogging his Toronto Maple Leafs to new heights.

"No forward should be in the National Hockey League if he can't score better than 10 a season," the Leaf general manager and coach said Tuesday at Toronto's training camp in Peterborough, Ont.

Imlach no doubt meant what he said, but the timing of the statement — in an interview — could well have had something to do with the fact he has yet to sign most of his Stanley Cup champions in 1962-63 contracts.

He may get a shock when he talks money with the club's lowest-scoring regular forward last season. Right winger Eddie Shack, a seven-goal man in 1961-62, wants a raise.

"I don't think I had a good year," said Shack. "But I missed 30 games with pulled ligaments on the inside of my left knee. I suppose he (Imlach) will throw that seven-goals stuff at me, but was it my fault I was injured?"

HAS OPPOSITE VIEW

Imlach doesn't share Shack's attitude on goal-getting. He singled out Shack, right winger Ron Stewart and Bob Nevin, centre Bob Pulford and left wingers Dick Duff and Frank Mahovlich.

Mahovlich had 33 goals last

PUNCH IMLACH

... another cup

season and "he should do better with his potential." Eight goals were not enough for Pulford, nor were 15 suitable for Nevin. Imlach said Duff could easily have surpassed his 17-goal output except for injuries.

Imlach also figured Stewart should have done better than eight goals last season, despite the fact Stewart spent most of his ice time as a penalty killer.

Detroit Red Wings, who

Saturday, still haven't hit a fast pace in training, but things are expected to get livelier by the weekend.

Chicago Black Hawks wasted no time getting back into shape at St. Catharines, Ont. They opened camp Monday and had their first scrimmage Tuesday. All-star Stan Mikita scored three goals in an intra-squad game.

Coach Rudy Pilous was pleased with the workout.

Montreal Canadiens had an open training Thursday with 48 players invited to their camp at Verdun, a suburb of Montreal. The club has lost two men from last season — defenceman Al MacNeil, traded to Chicago, and forward Marcel Bonin, who retired because of an injured back.

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
A LONG FELLOW

One letter simply stands for another. In this sample A is used for the three L's, Y for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

K A N G V G C E G M H C V T H G L H T V
L T T E N I U M C L T T E N L H T V I U G
K A N G — Y M I T

Yesterday's Cryptquote: WITHOUT / RICH HEART WEALTH IS AN UGLY BEGGAR.—EMERSON

Five-Pound Banknotes Cause Much Resentment In Britain

LONDON (CP) — "Do us a favor, mate. I've changed three ruddy fivers already today." Five-pound banknotes, once the currency of the elite, now are passing into mass circulation and earning the resentment of Britain's taxi-drivers and small shopkeepers.

It's fairly common these days to see a man walk into a cafe, order a cup of tea and a cheese roll and blandly tender a crisp blue-green fiver—worth about \$15—in payment.

Late at night or on Sunday it is sometimes easier to cash a small cheque than change a £5 note. Even hotels and large restaurants look on them coldly as a nuisance.

Recently the union of small shopkeepers started a campaign to dam the flood of fivers, using the 100-year-old Truck Act as their keystone.

The act stipulates that it is illegal to pay manual workers in currency larger than £1 notes. It was framed at a time when the average worker's weekly wage envelope seldom contained more than 30 shillings.

Today's pay packets often contain several fivers, the highest Bank of England note after the 10-shilling bill and the £1. The trouble is the gap between £1 and £5 is too wide.

Some tradesmen argue there should be a new note worth £2 or £3. This would give Britons a useful denomination somewhere between the Canadian \$5 and \$10 bills.

In the past fivers were status symbols. The old note, looking like a sheet of delicately inscribed tissue paper, had an aura of prewar elegance about it. Top people peeled them off at Ascot and Monte Carlo.

NAZI FORGERIES

After 1945, although the fiver's esthetic qualities were still admired, there was a certain uneasiness about its authenticity. During the war the Nazis had forged counterfeit fivers in millions of pounds and nobody knew if all had been recovered.

So in 1937, with the development of new printing techniques, the old white fiver was withdrawn and the Bank of England gave birth to the blue note. It is smaller, more intricate and less easy to forge than its predecessor.

At the moment fivers worth £1,000,000,000 are flowing through Britain, making up nearly 50 per cent of the total value of all bills in circulation.

Despite protests, the bank now is considering reissuing £10 notes. These, together with notes worth £20, £50, £100, £500 and £1,000, were abolished in 1943 because of the fiscal chaos that could be caused by enemy planes showering Britain with forged bills.

HELPS ARTHRITIS

MIAMI, Fla. (AP) — Isaac Diller figures 10 angry bees unwittingly did him a favor when they stung him. "As long as I get stung my arthritis stays away," the 72-year-old beekeeper said. Diller got stung Monday when he was called to quiet a swarm of bees riled up by youngsters who wanted to make things lively for passing pedestrians.

BOMB EXPLODES

MACAO (AP) — A time bomb exploded on a beach on the Chinese Communist side of the border early Monday, reliable sources reported. No casualties were reported. The explosion was followed by more than 100 rounds of machine-gun fire that lasted about 20 minutes, the sources said.

♦ A Q 8 7
♣ A K 9 8 2

The Bidding:
South West North East
1♣ Pass 1♦ Pass
2NT Pass 3NT

Opening lead—five of hearts.

This hand was played in a team of four matches.

At the first table, the bidding went as shown. West led a heart, East winning with the king. East returned a heart, taken with the queen, and West then led a third heart, forcing out the ace.

Declarer next cashed the A-K of clubs, dropping the queen, and then led a spade and finesse, and the nine when West played low. East took the queen and returned a diamond.

South went up with the ace and took another spade finesse, which succeeded. When he then

cash the ace of spades and caught the king, he was able to claim the rest and wound up making four notrump.

At the second table, the same contract was reached on identical bidding. Here, also, three rounds of hearts were followed by the A-K of clubs and a spade play by South.

At this point came a parting of the ways. West put up the king of spades, taken with the ace. With no bid, a difficult problem, as to how to continue. If he had led another spade, he would have made ten tricks, just as at the first table.

But South was afraid that the reason West had played the king was because he had the K-Q originally. If this was the case, thought South, leading another spade would be fatal, since West would take the queen and cash his hearts to defeat the contract.

So South decided to pin his hopes instead on East's having the diamond king. When he led a diamond, West took the king, cashed two hearts, and then returned a spade to defeat the hand two tricks.

We offer no opinion on the merits of South's choice of plays, but we do have to credit West for his imaginative defense. He had nothing to lose by the king play, since the king was dead if South had the queen, but his play had the advantage of creating a position where the declarer had a chance to go wrong.

YOUR HOROSCOPE

FOR TOMORROW

LET YOUR instincts guide you now as your chances of attainment are excellent. Yesterday's good influences continue, so this, too, will be a good period for launching new programs and implementing plans for the future. Personal relationships are also happily governed.

FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates that a display of initiative and enterprise during the coming year, and could yield excellent results where your finances are concerned. This, of course, does not mean risky chance-taking. Good judgment will be all-important. In job matters, you may have to take on some additional responsibility either during the current month or in December but, well-handled, they could prove stepping stones to fine gain early in 1963.

Personal relationships will be highlighted in December; also in January and mid-1963, so it would be well to capitalize on every possibility to make new contacts. This you can do through travel and social activities—both of which will be governed by generous influences during the aforementioned periods.

Give full rein to your imagination and ambitions now, and you should wind up this new year in your life in banner style. A child born on this day will be richly endowed with the qualities needed for success but will have to curb a tendency to take on some additional responsibility being overly critical of the others.

PUC Suggests Ladders For Salmon

VICTORIA (CP) — A Public Utilities Commission inquiry has recommended that B.C. Hydro and Power Authority build ladders to protect the salmon of Puntledge River — and in future always look to the fish's welfare in power development.

The recommendations were made by the PUC chairman Dr. H.F. Angus and passed to the cabinet in April. Provincial secretary Black released the report here Monday.

Dr. Angus was appointed to study the Puntledge hydro system on Vancouver Island after the federal fisheries department claimed serious damage to commercial and sport fish runs which were battered over the years in the dam near Courtenay.

A fish ladder protection system would cost B.C. Hydro \$623,500.

Dr. Angus said B.C. Hydro should pay the entire cost of constructing fish ladders and a diversion dam.

He also called for legislation providing fish protection in any public power projects in B.C.

Such protection is already stipulated for private projects, he said, but most B.C. hydro development now will be under public ownership.

Alberta Food Said Safe Despite Radiation Level

EDMONTON (CP) — Alberta's health minister, Dr. J. Donovan Ross, said the radiation control division of the national health department indicated this week that it is quite safe to consume food produced in Alberta despite high levels of radioactive strontium-90 in the atmosphere.

Dr. Ross was commenting on statements last week from Dr. L. J. LeVann of Red Deer, who said his studies indicated there might be a connection between high strontium-90 levels and a sharp increase in the number of babies born deformed in Alberta.

Dr. LeVann, medical superintendent of the provincial training school for retarded children at Red Deer, is studying the rise in births of malformed babies in Alberta for the provincial health department.

Dr. Ross said here that Dr. LeVann still is not prepared to say flatly that there is any connection between the deformities and fall-out.

SAYS MILK SAFE — Dr. Ross said it still is safe to drink Alberta water and eat Alberta vegetables.

Strontium-90 is a substance that gives off radiation. It has an affinity for human and animal bones and cell structure. Its presence in the earth's atmosphere, where it stays for long periods, has been connected with nuclear bomb testing.

Highest April reading for all Canada was Florenceville, N.B., with 22.4; for May, Edmonton with 29.0; for June, Megantic, Que., with 38.2.

Average reading for Canada during the three-month period was 20.2.
